COMMS helpdesk at your service

Are you interested in science communications but don't know how to start? Do you have some other questions about communications? Have you been asking where you can get support from and help for communications at Aalto? Aalto ELEC's Senior Communications Specialist **Riikka Hopiavaara** will have her office temporarily at the departments during spring at certain times. You just can come and ask her help for communications, no need to book time beforehand. All members of staff and faculty at ELEC are welcome!

Communications helpdesk takes place 9.30-11.30, the dates and places are:

- 10 April (**New time! 13-15**): meeting room 2103(Maarintie 8)
- 11 April: meeting room 3527 (Maarintie 8)
- 17 April: meeting room 3527 (Maarintie 8)
- 18 April: meeting room 1594 (Maarintie 8)
- 19 April: room B337 (Konemiehentie 2)
- 24 April: meeting room 1592 (Maarintie 8)
- 26 April: meeting room 3527 (Maarintie 8)
- 3 May: meeting room 2103 (Maarintie 8)

Doctoral Summer School

Doctoral summer school on **Tunable and Software-Driven Functional Metasurfaces**

In June 28-29, 2018, our department will host a doctoral summer school on Tunable and Software-Driven Functional Metasurfaces.

This summer school is co-organized with the Horizon 2020 Future Emerging Topics European **project VISORSURF**, the Distributed School on Metamaterials run by **EUPROMETA**, and the Education Department of the **METAMORPHOSE VI AISBL**. This school will be the 37th edition of the Distributed Doctoral School on Metamaterials and will be supported by the **European School of Antennas (ESoA)**.

For more information about school programme, venue, registration, please see [this link](#).

Prof. Sergei A. Tretyakov, Dr. Fu Liu

DEAR PROFESSOR! DO YOU NEED A NEW PHOTO OF YOURSELF / WANT TO UPDATE YOUR OLD PICTURE? BOOK A TIME FOR PROFESSOR'S PHOTOGRAPHY:

TUE 3.4.2018 between 9 - 17 at DIPOLI (directions from reception).

Photographer is Anni Hanén. BOOKING of 20min slots in [DOODLE](#) (N.B. READ INSTRUCTIONS THERE FIRST).

People – Welcome new personnel!

Maria Denise Astorino received the B.S. and M.S. degrees in electronic engineering in 2012 and 2015, respectively, from the University of Rome "La Sapienza" where she is currently employed in the Ph.D. course in Mathematical Models for Engineering, Electromagnetics and Nanosciences. Her research interests include the analysis of microwave/THz periodic structures such as frequency selective surfaces through equivalent-circuit models, and the design and experimental characterization of ultra-thin narrow-band metamaterial absorbers by using a reflection-mode terahertz time-domain spectroscopy system. Maria is visiting Aalto University for 3 months.

Anni Uittamo started as a secretary in ELEC's SES (*Secretarial and other school services*) team at the beginning of March. She is ELE's secretary, but also helping other departments together with Sanna Patana and Arja Hjelt. Before coming to Aalto University Anni worked for the City of Espoo as a service adviser at Espoo Citizen Services.
